TWENTY-SECOND YEAR.

GOV. HARVEY DEAD.

He Passed Away at Midnight Sunday Night

At His Home at Junction City, Kansas.

REVIEW OF HIS LIFE.

James M. Harvey Came to Kansas in 1859.

He Served in the War—In 1869 Governor of Kansas.

JUNCTION CITY, Kan., April 16.—Ex-Governor and Ex-United States Senator James M. Harvey died at his home near this city at 12 o'clock Sunday night.

James M. Harvey, fifth governor of the state of Kansas, was born September 21, 1838, in Monroe county, Va. His father, Thomas Harvey, and his mother, Margaret Walker, were both natives of Virginia, but removed from that state when he was still quite young. His education was received in the public and select schools of Indiana, Illinois and Iowa. On leaving school he became a practical surveyor and civil engineer, both his tastes and talents inclining him to that profession.

In 1859, just before Kansas was free from territorial enthrallment, and when she was struggling to become one of the sisterhood of states, Mr. Harvey removed thither, settling in Riley county, and soon became widely known for his ability, intelligence, and enthusiastic support of the measure which was to make the territory a member in full fellowship of the American union. He engaged in agriculture, in which he has ever since been employed, but the seduction of the farm did not conceal his eminent ability and cultivated talents from the public.

In 1861, he enlisted as a soldier under the union banner, and became captain of a company in the Fourth and Tenth (consolidated) regiments. He served with honor in the campaign his command took part in, and was mustered out in 1864. In 1865, and again in 1866, he was a member of the Kansas house of representatives, where he displayed such power as to attract attention of the leading men of the commonwealth, and to give earnest to that distinction he was soon to achieve. In 1867-68, he served as state senator. In 1869-70, and again in 1870-71, he was governor of Kansas. The duties of these various offices he discharged with such fidelity and ability as justly to entitle him to still higher distinction. After resigning from the assembly of the state legislature in 1874, he was elected to fill the vacancy occasioned by the resignation of Alexander Caldwell, as United States senator.

This vacancy had been temporarily filled by the appointment of Robert Crozier, but the legislature promptly recognized Mr. Harvey's claims and gave him the merited compliment of an election to that position. He took his seat February 12, 1874, and filled the place with credit to himself and honor to his state until March 4, 1879, when his term expired.

On retiring from public life, Governor Harvey returned to his farm at Vinton, Riley county, where he has continued to reside.

He was married October 4, 1854, to Miss Charlotte Catter, of Adams county, Ill. Six children were born of this marriage—Clara, Emma, Lillian, Martha, James N. and John A.

SMALLPOX RAMPANT.

One Hundred and Twenty-Six New Cases in Chicago Within the Week.

CHICAGO, April 16.—One hundred and twenty-six new cases, was the small-pox record in Chicago for the last week, as shown by the books in the health department.

One hundred and eighty-six patients are in the pest house, several of them "suspect" ward of the county hospital, and a number are quarantined in private houses because there is no room in the city's hospital.

The most serious condition of affairs has been found in the southwest portion of the city. The health inspector found three persons dead in their houses today, and two similar cases on Saturday. The people living in the houses had concealed the existence of smallpox until death came.

THE GALLANT HARTFORD.

A Monster Petition That the Old Ship Be Repaired.

SAN FRANCISCO, April 16.—A monster petition is being circulated in Vallejo, the town which is largely dependent on Mare Island navy yard, asking congress to appropriate \$600,000 for the repair of the old Hartford, Admiral Farragut's flag ship.

It cites the case of the Victoria, Nelson's flag ship, which was repaired when in far worse condition than the Hartford.

NELLIE BLY'S RECORD.

It Is to Be Lowered Eight Days by George Griffiths.

NIAGARA FALLS, N. Y., April 16.—George Griffiths, the Englishman who left London, Eng., a month ago to go round the world in sixty-six days of ordinary means of transportation, expects to pass through in about two weeks.

He will go to New York and, barring accident, will sail for England. He will, in consequence, travel 21,295 miles and lower Nellie Bly's record by eight days.

McKane's Case to Be Heard.

WASHINGTON, April 16.—The supreme court today granted the motion to advance the case of McKane, appellant vs. Warden Durston, of Sing Sing and it was set for hearing on April 23 ahead of the call.

Read the "Wants." Many of them are as interesting as news items. See if it is not so.

ORDEAL TOO MUCH FOR HIM

Col. Breckinridge Sat Only a Few Minutes in His Seat in the House.

WASHINGTON, April 16.—Representative Breckinridge of Kentucky, appeared on the floor of the house today for the first time since the famous Pollard-Breckinridge trial began in court. He reached the capital shortly before the session opened and went first to the appropriations committee room, where he exchanged greetings with members of the committee. There was no allusion to the litigation and merely the usual expressions of good health.

Then he passed through the lobby to Speaker Crisp's private office, where Representative Henderson of North Carolina was consulting with the speaker as to the resolution of respect to Senator Vance. There were brief expressions of good wishes, and again a careful avoidance of personal affairs.

Mr. Breckinridge passed into the private lobby of the house where he encountered many members. They shook his hand in passing. There was nothing, however, in the way of a demonstration, or unusual crowding about him.

Mr. Breckinridge went to the floor just as the chaplain was concluding his prayer, and stood with bowed head at the closing words. Then he walked across the front arena, grasping a hand here and there and proceeded up the aisle to his seat.

Members were busy with their work and many failed to notice him. Three or four well known men in the immediate neighborhood of his seat leaned over and shook hands. He wore a smile but was evidently miserably ill at ease under the ordeal. His face was florid and seemed to be more than usually flushed. There was little about him of the composure and nonchalance so characteristic of his earlier congressional days.

Before he had been in his seat two minutes he shifted nervously and then arose and left the chamber. The house soon after took a recess, and Mr. Breckinridge said he would at once resume his congressional work. He is chairman of the appropriations subcommittee on deficiencies. The urgent deficiency bill passed the senate Saturday and came back to the house today. Mr. Breckinridge said he expected to resume charge of it. He will manage the general deficiency bill, which has not yet been reported to the house.

MR. EMBREE STAYS IN.

Ministerial Union Insists That Its President Fill Out His Term.

Rev. A. S. Embree will not retire from the presidency and withdraw from the ministerial union as he had intended.

Mr. Embree went to the meeting of the Union this morning at the Y. M. C. A. rooms fully determined to sever his connection with the union, but he changed his mind when the members protested and will fill out his term as president. The union will only have three more meetings before it adjourns for the summer and new officers will be elected at the first meeting after the summer vacation.

ETHEL INGALLS TO WED.

Her Engagement to Dr. Edward G. Blair of Atchison Is Announced.

ATCHISON, Kas., April 16.—The engagement is announced of Miss Ethel Ingalls to Dr. Edward G. Blair of this city.

Miss Ingalls is the eldest daughter of ex-Senator John J. Ingalls, and was for several years the reigning belle in Washington society. She has achieved some prominence as a writer.

MR. KENDALL VERY LOW.

It Is Not Expected That He Can Live Much Longer.

Mr. C. F. Kendall is reported as very much worse today by the attending physician, Dr. E. F. Meuninger. A form of blood poisoning has set in, and it is thought that he can live only a short time. He has been sick in bed only about two weeks, but has steadily grown worse. He is at the Copeland hotel.

KNOCKS OUT HER BONDS.

School Bonds of Kansas City, Kan., Are Declared Illegal.

Attorney General John T. Little has given an opinion in the Kansas City, Kansas, bond election case. The city voted \$100,000 school bonds at a recent election, and more than 1,000 votes were cast for the bonds than were cast against them. It appears however that there was not a majority of the qualified electors, and Attorney General Little holds that the bonds cannot be legally issued, as the law provides that a majority of the qualified electors must vote for the bonds.

GEN. WEAVER HERE.

He Was in Topeka a Few Hours on Sunday.

General James B. Weaver, the late Populist candidate for the presidency, was in Topeka a few hours yesterday and left last evening for Fullerton, Neb.

General Weaver made four speeches in Kansas, addressing large gatherings at Salina, Washington, Belleville and Clay Center. It was the opening of the Populist campaign in this state.

LOCAL MENTION.

In the district court this morning Judge Hazen decided the Thurston place foreclosure suit and granted the foreclosure.

The Gospel union held a meeting at Oakland yesterday under the direction of George S. Fisher, formerly state secretary of the Y. M. C. A.

Deputy United States Marshal George Walker went to Burlingame Sunday and arrested Charles Bratton, aged 17 years, charged with embezzlement of a registered letter. Bratton is lodged in the Shawnee county jail awaiting the action of the grand jury.

Mrs. Frost, of Locust street, one of the large family of Parkdale Frosts, had a warrant issued today for the arrest of her son, Frank Frost. Mrs. Frost says she invited her son to stay at her house. He moved in and later concluded the house was not big enough for them both, so he tried to drive his mother out.

UNIONS CLASH.

Chief Arthur Says Engineers Who Have Struck, Violated the Rules of the Brotherhood

IF THEY ARE MEMBERS

The Strike On the Great Northern Road

May Soon Include All Western Roads.

CHICAGO, April 16.—Chief P. M. Arthur of the Brotherhood of Locomotive Engineers and Chief Sargent of the firemen's order, passed through Chicago today, the former en route to St. Paul.

"I am going to St. Paul to investigate the Great Northern strike," said Chief Arthur. "When I was up there some weeks ago the engineers entered a contract with the company which was a settlement of their differences with the company. The strike in so far as the engineers are engaged in it is a violation of that agreement and a violation of the laws of the engineers' brotherhood."

"Some of the engineers have struck, but whether the ones who have gone out are members of the brotherhood or not, I do not know. If they are they have violated the rules and must take the consequences. My object in going to St. Paul is to meet the executive committee of the engineers, the chairman of which telegraphed for me yesterday."

"Will you order the engineers who are now on strike to return to work if they are members of the brotherhood?" Mr. Arthur was asked.

"I can't say as to that. Even if they should return to work that would not save them from the consequences of violating the rules of the brotherhood."

Chief Sargent said the firemen on the road who have quit work also violated the rules of their organization. Chief Sargent is not going to St. Paul, but to Fort Wayne to attend a meeting of the local order of firemen there.

THE STRIKE MAY GROW.

Rumors Afloat That Every Railroad West of Missouri Will Be Tied Up.

SEATTLE, Wash., April 16.—Despite the statements of the officials that the on the Great Northern does not extend further east than Minot, North Dakota, the leaders here say that the claims of James H. Hogan, that the whole system is tied up, are correct.

Rumors are afloat among the strikers, and are also heard among Great Northern officials, that the Northern Pacific is to be tied up on Tuesday, and that before next week every road west of the Missouri river, with the possible exception of the Union Pacific, will receive the same fate.

Word was received from Hogan, at Butte, that Superintendent Currier, of the Montana Central, had started in a buggy from Helena to Great Falls, a distance of 100 miles. He also instructed Secretary Adams of the local lodge to furnish men to protect the company's property here, as necessary, and Adams made the offer to Superintendent Copeland of the coast lines, but no disorder is feared.

The mail car of the South Westminister & Vancouver route was brought out this morning to leave at 9:11 but the officials refused to let it go without the passenger cars and it was left on the track. The strikers then took out the Canadian Pacific cars which run on this train and transferred them to the Seattle, Lake Shore & Eastern tracks, over which they went to Sumus, connecting there with the Canadian Pacific.

The strikers have kindly feeling for the Pacific because it formerly submitted a dispute to arbitration of its own engineers and when the Great Northern car cleaners' wages were reduced to \$1 per day and they struck last March the Canadian Pacific hired two of them at \$2 a day to clean its cars running on the coast lines.

No trains of any kind have left Seattle today over the Great Northern.

RAILWAY UNION STRONG.

Says That It Includes Half the Men on the Great Northern.

ST. PAUL, April 16.—The triangular nature of the Great Northern contest, as mentioned in dispatches from here yesterday, is exciting much comment among both railway officials and strikers. It is considered somewhat of a novelty for a fight for existence on the part of the brotherhoods, for if defeated and compelled to join the American railway union, the present members of that union being in a large majority would control its affairs, and the engineers, firemen, conductors and trainmen of the brotherhoods would have to submit to the greater voting power of the lower paid employees.

Local leader in the union said today that when the first cut was made last fall their organization was too weak to fight, but now they have 90 per cent of the men in their membership and will fight the cut. The strike leaders have been careful to avoid interfering with mail cars, or cars carrying mail, claiming thereby to have avoided danger of clashing with government officers, but a Great Northern official said that in the big "Q" strike, the courts had decided that the whole train was included in the term "mail train," and the Great Northern believed itself clear of obligation to move a single mail car.

A DIFFERENT VIEW.

Brotherhoods of Firemen and Trainmen Will Give the Strike No Support.

SPOKANE, Wash., April 16.—There is no change in the situation along the Great Northern. Not a wheel is turning from Minot, North Dakota, to Seattle. Assistant General Superintendent Farrell had telegrams tonight from head offices of the engineers and firemen brotherhoods and order of railway trainmen, assuring

him that the strike would receive no moral or financial support from them. No attempt will be made to move trains out of Spokane until the trouble is settled.

EUGENE DEBS IN HIDING.

Wants to Manage the Strike Without the Appearance of Doing So.

MINNEAPOLIS, Minn., April 16.—While the Great Northern strike has not touched the Twin Cities, there are indications that it will do so within forty-eight hours. A mass meeting is to be held here tomorrow night under A. R. U. auspices, and it is given out that a strike is inevitable on the eastern division unless the company restores the old schedule.

A big meeting of the employees was held in St. Cloud this morning to consider the situation, but as yet nothing definite is determined upon. It is rumored that Eugene V. Debs, president of the National American Railway union, is in hiding in the Twin Cities somewhere.

It is said that he wants to be where he can be in close touch with the management of the strike, but at the same time he does not want to appear as giving it his official sanction as yet.

NO PRIZE FIGHT, THEY SAY

But It Is Said There Was a Chicken Fight in the Afternoon.

Almost all the hacks were in use yesterday afternoon, and many thought that the prize fight that was talked of was going to take place. It did not, however, and both "Mickie" Heery and Bob Nightingale say that they did not intend to fight, and that the report was false. It is reported that a cock fight occurred yesterday afternoon.

There is also a report that the fight before mentioned took place Saturday night, but the principals stoutly deny the report, and say they had no intention of fighting.

There is a sport in town who is a "puncher," and he doesn't care who knows it. It is Jim Finney. He will fight Geo. Mabey at Atchison next Sunday, and the chances are said to be in Finney's favor.

It is said that the authorities at Atchison are not as particular about prize fights as in this city, and that the fight will not be interfered with.

A small party of "the talent" will accompany Finney, and he will fight for \$75 and the gate receipts.

NAMES WRITTEN THERE.

Notable Kansans in One of the Finest Books Ever Bound.

Secretary Adams of the state historical society has received a copy of the History of the Centennial of the Inauguration of Washington, held at New York city in April, 1889. It is the most costly book ever received by the society.

The book is a massive, full gilt, and has over 200 fine engravings, besides more than that number of portraits. There are twenty-two portraits of Washington and of nearly all those prominent in the early history of the republic. There is a complete history of the inaugural of Washington, as well as the celebration. Kansas was represented at the celebration by Hons. Eugene F. Ware, Geo. R. Peck, Charles K. Wells, A. H. Ellis, Maj. Calvin Hood, Col. W. B. Stone and Capt. Perry Hutchinson. The compilers are Cornelius N. Bliss and ex-Mayor Abram S. Hewitt of New York.

BOARDED AT COPELAND.

But Senator Kimball Did Not Pay His Bill Says J. C. Gordon.

Ex-State Senator C. H. Kimball of Labette county who was a prominent candidate for the Republican nomination for lieutenant governor two years ago, is being sued in the district court this afternoon for an unpaid hotel bill by J. C. Gordon, proprietor of the Copeland.

Senator Kimball and his friends occupied Parlor E at the Copeland three days during the Republican state convention and Senator Kimball did not pay for the room.

Parlor E was one of the rooms regularly occupied by Governor Humphrey, who paid \$50 a month for his board and the use of two rooms.

On the witness stand this afternoon Mr. Gordon said Governor Humphrey and he had an understanding by which the governor relinquished one of his rooms during conventions. Senator Kimball used the room during the convention and four of his friends slept there and took board for the day. Mr. Gordon said two of Senator Kimball's friends paid \$5.25 each and that was all he received for the room during the convention. The room was worth \$12 a day and his bill was \$36, from which he deducted what Mr. Kimball's friends had paid, and he now wants \$25.50.

In defense Senator Kimball says that Governor Humphrey gave him the use of the room, and that Governor Humphrey had a right to put guests in it if he wanted to.

VIKING SHIP BOUGHT.

It Will Now Be Kept Permanently at Chicago.

CHICAGO, April 16.—The famous Viking ship, now lying in port at New Orleans, has been purchased by an association in Chicago, of which ex-Sheriff Matson, Editor Anderson of the Scandinavian and Captain Magnus Anderson are prominent members. The ship will be kept in this city.

TO ADOPT REED'S RULES.

House Democrats Agree to Report the New Quorum Counting Process.

WASHINGTON, April 16.—After a session of two hours today the Democratic members of the house committee on rules agreed on the new quorum-counting rule and thereupon sent for Messrs. Reed and Burrows, the Republican members of the committee.

It is understood the rule provides for ascertaining a quorum by counting members present and not voting and also for fining members who absent themselves from the house. The new rule will probably be presented to the house tomorrow.

DAMAGES \$1.

The jury in the district court this afternoon returned a verdict allowing Floyd Coleman damages to the amount of \$1, for being dragged out of the gallery of Crawford's opera house.

LIVING HIGH.

Coxey Commonwealers Feast On Oyster Soup and Jam,

Provided to Keep Them From Following the Unknown

WHO HAS BEEN FIRED.

An Old Hermit Started From His Roost.

He Comes Forth to Lead a Connecticut Army.

CUMBERLAND, Md., April 16.—The army of the commonwealer will leave Tuesday morning early in canal boats for Hancock, the next stop.

It may be that this route will be continued to Hagerstown. Tonight camp will be broken and the boats loaded. The men are being fed extravagantly and are enjoying the feast after the prolonged fare of hardtack.

For breakfast oyster soup, coffee, bread and jam, pork and beef were supplied in abundance. Dinner and supper will be served as abundantly. This action has in a great measure allayed the feeling of discontent among the great number who favor following the leadership of the "Unknown" and Coxey, Jr., who were ignominiously discharged at Frostburg.

It is rumored that several score of unemployed from various points and camps beyond the coke works are being organized for an opposition march to Washington. A public meeting will be held at the Academy of Music this evening at which General Coxey and Marshal Browne will speak.

COLD COMFORT FOR COMMONWEAL

San Bernardino Citizens Determined to Keep Them Out of Town.

COLTON, Cal., April 16.—The second Los Angeles regiment of the unemployed is meeting with anything but encouragement in San Bernardino.

First the fire department was called out here and the commanders were drenched with cold water and driven from the freight train they had captured. Then the army was placed under guard by fifty deputies, armed with shot-guns, and its leaders were thrown into the county jail.

Then a boycott was declared on the army. The commander raised a fund of \$7 and purchased bread, but the baker who sold it was waited on by the citizens' committee of safety and made to promise that he would sell no more supplies to the army or its leaders. The merchants here have resolved not to sell to the army and many citizens have agreed not to give any food or other supplies to them. The sheriff and his deputies promised to arrest the men for seizing a train and declares they must walk out. It appears to be a case of freeze out. Last night about two hundred of the commonwealers marched in a body to the First Baptist church, where Rev. J. H. Medhurst took up a small collection for the army and preached a sermon expressing sympathy for the wanderers.

At 10 o'clock last night the committee of safety waited on Rev. Medhurst to remonstrate, representing that the men were not peaceable citizens but an organized mob of law breakers. The preacher promised to give them no more encouragement. The commonwealers declare they will remain here until their leaders are released. Trouble is feared.

A LONG HAIRD HERMIT

Comes Down From the Mountains to Lead a March to Washington.

BRIDGEPORT, Conn., April 16.—Twenty years ago, Hillman Stillings got an idea into his head that Christ was to visit the earth again and when he came he (Stillings) was to be his right hand man.

At that time, he left his friends, climbed to the top of Mount Archer, one of the tallest peaks in the state, and took up his abode in a rude cabin. Ever since, he has lived there the life of a recluse. In all that time neither his hair nor beard have been cut, and now he is one of the queerest looking persons one can imagine.

Last week he announced that Christ had visited the earth and commanded him to lead a host to Washington and join the Army of the Commonweal. He has gained a great influence over the unemployed in this city, and it is announced that he will shortly start out with a large following of woodchoppers and others who have been out of employment all winter.

How great his following is, is not known.

READY TO BE OVERPOWERED.

Rock Island Provides a Train For Kelly's Industrial Army.

OMAHA, April 16.—Gen. Kelly's industrial army will walk out of Council Bluffs at 3 o'clock this afternoon. Kelly was notified by the sheriff that the soldiers must "march on." The companies of militia will escort them to the county line. Although Gov. Jackson refused to furnish transportation, the army does not intend to foot it across Iowa.

Arrangements have been made to go as far as Parks, six miles east of the Bluffs on the Rock Island road, where it is said a train of empty box cars will be found on a siding with a crew ready to be overpowered. No trouble was experienced here with the men and none deserted from the ranks.

PEPPER'S RESOLUTION

In the Interest of Bodies of Men Like Coxey's Army.

WASHINGTON, April 16.—Senator Pepper has introduced a resolution providing for the creation of a new committee of the senate to receive the petitions and hear the statements of bodies of men, like Coxey's army, who visit the capital for the purpose of making presentations to congress. The committee is required to give such organizations full and respectful hearings, and report to the senate.

spectful hearings, and report to the senate.

Senator Hoar gave notice that when the resolution should be taken up for consideration he would move to amend by imposing this duty on the committee on finance.

The Oklahoma Division.

GUTHRIE, Okla., April 16.—The Oklahoma division of Coxey's army has just closed arrangements with the railroad company to take 300 of them to Washington in box cars.

CHRISTIAN SOCIALISM.

Rev. Mr. Long Advocates a Change in Present Social Conditions.

At this morning's meeting of the Ministerial union the secretary of the Y. M. C. A. association addressed the ministers and asked them to give more attention to the work for young men and said there should be closer union between the churches and the Y. M. C. A.

A resolution was adopted in regard to the removal of Dr. W. E. Archibald from Topeka, expressing regret in severing the pleasant relations that have existed between the members and Dr. Archibald.

Rev. M. C. Long, of the Third Christian church, read a paper on Christian Socialism, advocating the doctrine of the change in the hard social conditions by the principles of religious charity and human brotherhood.

The doctrine of brotherhood was the basis of the paper, and its application was made to social conditions—all should occupy the same social standing. The duty and power of advancing this Christian socialism he placed in the hands of the church, and would be accomplished when the church arose in her dignity and power, and as soon as the churches decided that it should be done it will be accomplished.

"There is too much stagnation and damnation in the political parties to reach desirable ends in socialism," said Mr. Long.

SIMPSON IS WORSE.

The Condition of the Kansas Congressman Is Exceedingly Critical.

KANSAS CITY, April 16.—A special to the Star from Washington says: Congressman Jerry Simpson's condition this afternoon was reported to be exceedingly critical. None of the many callers at his house were admitted to see him, and every one of his Populist colleagues was turned away.

Yesterday Mr. Simpson's complicated disorders took a most unfavorable turn, and the gravest apprehensions were felt for his recovery. His legs and arms were swollen to such a degree that he and the swelling seems to be steadily approaching his vital parts.

CHRISTIAN CONVENTION.

It Will Meet This Evening and Last Two Days.

The Shawnee County Christian convention meets this evening at 1010 north Kansas avenue. Rev. F. E. Mallory of this city will preach a sermon. The convention will be in session tomorrow and Wednesday.

The programme for tomorrow morning consists of an opening address by Wm. Orlan, devotional exercises led by Maggie McAdams of Rossville, a conference on the subject: "How can our churches be more helpful to each other?" in which B. L. Smith, F. E. Mallory, H. J. Vane, Jr., U. E. H. L. Pollard, B. & M. J. C. Cooper, Rock Island.

In the afternoon Miss Jordan will lead a song service; R. E. Hill of Rossville, will speak on the subject: "The Pastor and the young people," and reports from the field will be read.
